

ARCHERY STUDY GUIDE

NAME: _____

**Remember a bow is like a gun. A nocked arrow is like a loaded gun. A bow drawn with an arrow nocked is like a loaded gun cocked and ready to shoot. Be as careful and thoughtful with a bow and arrow as you would a gun and ammunition.

Not following these safety rules will result in not participating in archery:

I must score a _____ on the archery test to participate.

Respect yourself, your teacher, your peers, and your _____.

Always _____ on the archery range

_____ of any kind will result in NOT participating in archery.

NOT Following the _____ will result in NOT participating in archery.

To draw and release the fully drawn string without an arrow is called a _____.

Arrow

_____ = The feathers on an arrow.

The plastic end piece of the arrow that fits onto the string is called a _____.

_____ = A rod that forms the length of an arrow.

_____ = container for arrows.

When you nock an arrow, you must place the nock of the arrow _____ the preset nock on the bow string.

Never draw the bow (even without an arrow) while someone is in front of it. When holding a bow, always face _____.

Fletching: The opposite color fletching on the arrow faces _____ from the bow string.

When removing the arrow from the quiver, grab the arrow by the _____.

When removing arrows from the target, please place one hand on the target with the arrow between the thumb and fingers, at the base of the thumb. With other hand, grasp the arrow touching the target and pull straight out. This prevents broken arrows and preserves the target face.
